"We keep the people of Ukraine in our prayers at this time. We also hold in prayer all leaders who have a duty to return to the table of peacebuilding in this time of great anxiety and challenge for all of Europe and particularly the peoples of the countries involved. "This is the first invasion in Europe since 1945. Indeed, until a few weeks ago it seemed unthinkable that any country would be invaded by another. It makes us realise how much we take peace for granted."

Torcaire - Hope for the earth and the poor. Action on climate change is urgent and important and will help provide a brighter future and better tomorrow for your own family and local community as well as our brothers and sisters globally. The Laudato Si' Goals that were launched by Pope Frances in May 2021 are profound actions of care and an excellent way of responding to the ecological crisis. Action is now needed more than ever. The Laudato Si' Goals guide is a blueprint for our actions. The guide provides a holistic approach and supports a spiritual and cultural revolution as we strive for total sustainability in the spirit of integral ecology and building for a better future together. 'Bring the whole human family together ... for we know that things can change.' (Laudato Si', 13)

The response to the cry of the poor is a call to promote eco-justice, aware that we are called to defend human life from conception to death and all forms of life on earth. Actions could include projects to promote solidarity, with special attention given to vulnerable groups such as indigenous communities, refugees, migrants and children at risk, analysis and improvement of social systems and social service programmes. These Laudato Si' Goals link with the following thoughts, which are from The Cry of the Earth and the Cry of the Poor, a pastoral letter from Archbishop Dermot Farrell, published in September 2021. 'God now calls us, individually and collectively, to work for the good of the planet and the good of all. True religion is not a flight from the world: faith that is alive provides a framework for people to make decisions and take action. As a church, and as a society, we need to reflect with greater depth, urgency, and seriousness about what we must do about climate change. If not for your own sake, then for the sake of your children, and for the world's children – take action.'

Clones Parish Envelopes 2022

*Giving envelopes is, in the first place, a way of saying 'You belong'.
Saying 'You belong' is a guarantee that the priests of the parish are there for you,
whatever needs you might have, now and in the future.*

The labelling and sorting of envelopes for 2022 is currently underway. If any parish-ioner is new to the parish, or has changed address since this time last year or has not received envelopes before and would like to be supplied with a box, they are asked to contact the Parish Office.

For those without envelopes, we offer other ways of contributing to the parish:

- * **Standing Order:** set up a weekly, monthly, yearly or one-off payment (details overleaf)
- * **PayPal** payments can be made using clonesparish@gmail.com
- * **Sumup** card machine in Sacred Heart Church. Please input your email address to have any donation allocated to your parish contribution record.
- * **Parish Website:** you can use the DONATE tab on our website.
- * **QR Code** overleaf which will take you to Clones Parish Donations page.

Should you need it, the staff in the Parish Office will give you assistance with any of the options above.
